

Regal Motors

Business Profile

"We are MORE; Beyond fuel transportation & Supply, we are a partner you can trust"

About Regal Motors

Regal Motors is a dedicated bulk fuel supplier for mines, construction sites, and contractors. We value efficiency, safety, and compliance with industry standards, ensuring reliable fuel transportation and supply that meet your operational needs. We are a well-established fuel supply company with a significant presence in Gauteng, Northern Cape & Free State.

“We are MORE; Beyond fuel transportation & Supply, we are a partner you can trust”

Vision

To be the most trusted and efficient fuel logistics partner for South Africa’s mining and construction sectors, driven by excellence, safety, and reliability.

Mission

Regal Motors delivers high-quality bulk fuel solutions with a commitment to operational efficiency, regulatory compliance, and customer satisfaction. We empower industries by ensuring consistent, safe, and timely fuel supply tailored to the unique needs of each client.

Our Services

Service: 1

Fuel Supply

We provide high-quality bulk fuel tailored to meet the demands of mining, construction, and industrial operations—ensuring uninterrupted productivity and operational efficiency.

Service: 2

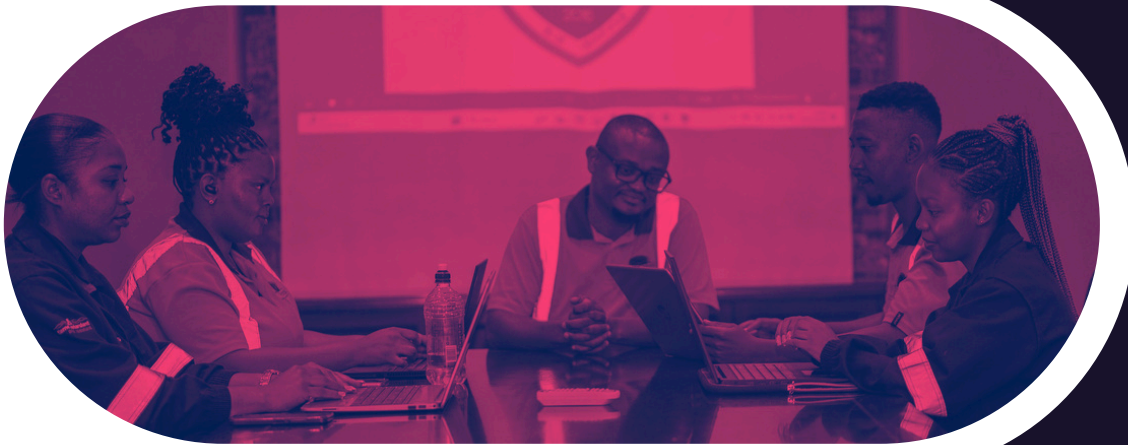

Fuel transpoters

Our reliable fleet ensures safe and compliant delivery of fuel directly to your site, on time and in full, with a strong focus on route planning, monitoring, and regulatory standards.

Service: 3

Fuel Storage

We offer secure, on-site fuel storage solutions with full installation and maintenance support—enabling clients to manage their fuel usage effectively and reduce downtime.

Regal Motors **Values**

At Regal Motors, our operations are guided by a strong foundation of values that drive our commitment to excellence and long-term client relationships. We believe in doing business with integrity, prioritizing safety, and delivering consistent, value-adding service in every engagement.

Safety and Compliance First: We operate with strict adherence to industry regulations and safety protocols, ensuring the protection of our staff, clients, and the environments in which we operate.

Reliability and Accountability: Our clients depend on us for timely fuel delivery, and we deliver with transparency and consistency—always taking responsibility for our performance and service outcomes.

Our *previous* work

Case: 1

Afrimat Mine (2023 – Present)

Supplying high-quality diesel directly to Afrimat Mine operations, ensuring consistent fuel availability and operational continuity.

Case: 2

Anglo American – Sishen Mine (2022 – Present)

Transporting diesel to Sishen Mine with a focus on safety, compliance, and reliable delivery schedules in alignment with Anglo American's standards.

TotalEnergies Enterprise development programme

As a beneficiary of the TotalEnergies Local Enterprise Development Programme, Regal Motors has successfully delivered bulk fuel to Anglo American's Sishen Mine, operating under strict safety and compliance standards. Through this programme, the company has matured into a reliable fuel logistics partner with the capacity to deliver up to 2,000,000 litres of diesel per month, demonstrating operational excellence, regulatory alignment, and a deep understanding of the demands of large-scale mining operations.

Regal Motors stands ready to be your trusted fuel logistics partner—bringing together experience, efficiency, and a deep understanding of industry demands. Our commitment to safety, service excellence, and operational reliability ensures that your business stays powered, productive, and compliant. Let's drive your operations forward—together.
